

BOOK OF THE HOLY CONDUIT

Wondrous Item, Artifact (Requires Attunement)

Given form by the sacrifice of the Mother's prophet, Victor de Vries, the Book of the Holy Conduit is a manifestation of her power. Its pages are filled with stories of the blessed, and its very being repels evil.

Blessed Avatar. The Book of the Holy Conduit has the following beneficial properties:

- You gain proficiency in Insight.
- Your AC increases by 1.
- While attuned to the artifact, your speed increases by 10 feet.
- While attuned to the artifact, you can't be blinded, deafened, petrified, or stunned.

If you prefer, you can replace this list of properties with 2 minor beneficial properties and 2 major beneficial properties.

Attuning to the Book. A good-aligned spellcaster can attune to the Book of the Holy Conduit by spending 80 hours reading and studying its contents. Once attuned, you may choose one of your ability scores to increase by 2, to a maximum of 24. You can't gain this benefit from the book more than once, but it persists even if you are no longer attuned to the book.

Blessings of the Mother. While attuned to the book, you innately know all nine spells of the Holy Conduit and always have them prepared. You can cast these spells using any spell slots you have.

SPELLS OF THE HOLY CONDUIT

Contained within the pages of the Book of the Holy Conduit, these spells are direct manifestations of the Mother's power. There is one spell for each spell level, and they are listed in level order.

The Spells of the Holy Conduit can be cast using any spell slots you already possess and use the same spellcasting ability modifier as any other spellcasting feature you have access to. Each spell additionally requires the Book of the Holy Conduit as a material component.

Guiding Smite

Level 1 Evocation

Casting Time: Bonus Action, which you take immediately after hitting a target with a Melee weapon or Unarmed Strike

Range: Self

Components: V, M

Duration: Instantaneous

As you strike your foe, they take 1d8 additional radiant damage from the attack and are wreathed in a golden light. The next attack against that target before the end of your next turn has advantage, and deals 1d8 additional radiant damage if it hits.

Using a Higher-Level Spell Slot. Both instances of damage increase by 1d8 for every slot level above 1st.

Luminous Plate

Level 2 Abjuration

Casting Time: Action

Range: Touch

Components: V, S, M

Duration: 8 hours

A luminous suit of armor envelops a willing creature that you touch. The target's base AC becomes 15, and it sheds bright light in a 10-foot radius and dim light for an additional 10 feet. The spell ends if the target dons any other armor, but it can wield a shield.

As a bonus action on your turn, you can cause the armor's glow to intensify. Until the start of your next turn, its radius of light is doubled and any attack rolls against the target have disadvantage.

Using a Higher-Level Spell Slot. When you cast this spell using a 3rd-level spell slot, the target's base AC becomes 16. When you use a 4th-level spell slot, the target's base AC becomes 17. When you use a spell slot of 5th-level or higher, the target's base AC becomes 18.

Dauntless Spirit

Level 3 Abjuration

Casting Time: 10 Minutes

Range: 20 feet

Components: V, S, M

Duration: Instantaneous

You channel celestial energy to aid the rest of a willing creature who remained within range for the spell's entire casting. The target's exhaustion level is reduced by one, and it gains the benefits of a short rest. A creature affected by this spell can't benefit from it again until it finishes a long rest.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 4th-level or higher, you may target one additional creature for each slot level above 3rd.

Sacred Vigil

Level 4 Divination

Casting Time: Action

Range: Touch

Components: V, S, M

Duration: 8 hours

You create a bond between yourself and another creature. While this bond is active, you know the distance and direction to the target, as well as if they are under the effect of any conditions, are below maximum hit points, or are at 0 hit points.

Additionally, you can cast spells of 2nd level or lower on the target, so long as they are spells with a range of touch that affect only a single target, and do not require an attack roll or saving throw.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 5th-level or higher, you may target one additional creature for each slot level above 4th.

Brilliant Crown

Level 5 Evocation

Casting Time: Action

Range: 10 feet

Components: V, S, M

Duration: Concentration, up to 1 minute

A blazing crown of golden light surrounds you. For the duration of the spell, you emit bright light to a radius of 20 ft. and dim light for another 20 ft. This light is sunlight.

Any creature that starts its turn within the radius of bright light or enters it for the first time on a turn must make a constitution saving throw or take 3d8 radiant damage and be blinded until the start of its next turn. A creature that succeeds takes half damage and isn't blinded.

Bastion of Good

Level 6 Abjuration

Casting Time: Action

Range: Self

Components: V, S, M

Duration: Concentration, up to 1 minute

A nimbus of light appears around you in a 20-foot emanation, protecting you and those around you. When you cast the spell, any aberration, elemental, fey, fiend or undead creatures within the area are pushed out of it by the shortest route possible. Additionally, no such creature can enter or affect anything within the cylinder while the spell remains in effect. However, if you move in such a way that a creature of the specified type would be inside the emanation, the effect ends.

A creature can attempt to overcome the barrier by using an action to make a Charisma check with a DC equal to your spellcasting DC. On a success, the creature ceases to be affected by the barrier.

Using a Higher-Level Spell Slot. Your concentration can last longer with a spell slot of level 7 (up to 10 minutes), 8 (up to 1 hour), or 9 (up to 8 hours).

Golden Shield

Level 7 Abjuration

Casting Time: Action

Range: Self

Components: V, M

Duration: Concentration, up to 1 minute

A mystic shield of celestial energy interposes itself between you and incoming harm. Whenever you or an ally within 30 ft. of you becomes affected by a spell while this spell is active, you can use a reaction to negate the effects of that spell on you or that ally (but not both).

When you do, roll a d20. If the result is equal to or lower than the level of the negated spell, this spell ends. After rolling, you may expend one of your available spell slots to add an amount to the roll equal to that slot's level.

Heavenly Chorus

Level 8 Evocation

Casting Time: Action

Range: 30 feet

Components: S, M

Duration: Instantaneous

A divine chorus of utter clarity, piercing beauty, and paralyzing awe sounds out across the battlefield. Until the end of your next turn, friendly creatures in range gain advantage on all attack rolls, and any successful weapon attacks they make before the spell ends deal an additional 1d8 radiant damage. Hostile creatures in range must instead make a Wisdom saving throw or be paralyzed until the end of your next turn.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 9th level the range is increased to 50 ft.

Exalted Sacrifice

Level 9 Evocation

Casting Time: Action

Range: 60 feet

Components: V, M

Duration: Instantaneous

Uttering a single, awesomely powerful syllable of the Words of Creation, your body erupts in the same holy power that shaped the multiverse at its birth. All evil creatures within range take radiant damage equal to your current hit points. This damage can't be reduced or prevented in any way.

You die, leaving only your magic items behind, except for the Book of the Holy Conduit, which is destroyed. You cannot be resurrected by any means short of a wish spell, and even if you are, the Book of the Holy Conduit does not return with you, and you are no longer attuned to it.
